Education

B.Tech in Computer Science and Engineering (CTIS)
Assam Downtown University, Guwahati
2023 – 2027 (Expected) | CGPA: 8.4

Projects

-Student Teacher Booking Appointment:

The Student-Teacher Booking Appointment System is a comprehensive web-based application designed to streamline the appointment scheduling process within educational institutions.

-Catering Ordering System:

The Catering Reservation and Ordering System is a modern web-based e-commerce platform specifically designed for Indian catering services. The system enables customers to browse authentic Indian cuisine, place orders through an intuitive shopping cart interface, and track their orders in real-time

-AI Chatbot for Train Ticketing System:

Developed a chatbot that assists users with booking and ticket inquiries using Al-based responses.

-Campus Event Hub:

A full-stack web portal for students to browse and register for campus events using React and Node.js.

Certifications

Coursera:

- C Programming
- Java Programming
- Python for Everybody
- Git & GitHub
- Cloud Computing

HackerRank:

- Node.js (Basic)
- SQL (Intermediate)
